

## **Dave Bagler Green Party Candidate for Ottawa-Vanier**

Dave Bagler is a web developer in Ottawa and has put down roots in the Ottawa-Vanier community of Sandy Hill. Dave serves on the board of his neighbourhood community association (Action Sandy Hill) and a few years ago started the annual Sandy Hill Holiday Food Drive for which he was recognized as a Sandy Hill Volunteer of the Year.

Dave first joined the Green Party in late 2005. Since that time he has been involved in various federal and provincial campaigns, served on the executive of Young Greens, and worked as part of the Green Party's technical team during the 2008 election.

While volunteering for the Green Party, Dave has knocked on countless doors and has made hundreds of phone calls. It's this part of the political process, connecting with people, that he enjoys the most.

Dave believes that strong local decision making is at the heart of prosperous, sustainable communities. Seeking office and representing his neighbours has been a dream of his since grade school. He shares the values put forward by the Green Party of Ontario and believes that the Green Party's vision for a healthy and truly prosperous province resonates with Ontarians.
