Good on you

I will always like you  
just even for your sense of fair play and justice that you displayed in pictou NS  
one of the hardest weekends of my life

words do not have the same power over me as they do others either

of course I understand people get themselves all wound up and hurt by what ever....  
but I also know people just do that naturally and its them with the real problems  
as they obviously want to  
thankfully I have met many of the full healthy enriching people as well

no ones is perfect ...certainly not all the time

but

I still disliked the silly dramatic responses given to your post

my god they tried to treat you like some unknown conservative at a general public meeting and not like one of their  
own comrades in arms jezzzzz it was like they had no clue who you really were and wanted to not have any idea

like children

I am 52  
I think there are some much older on here that seem 22

some obviously have led very sheltered lives

good for them

i did not

some have been in the trenches their whole lives and their sense of even things like..hmm glee are non existent

I know obviously you have Moxy and are not afraid to call a spade a spade

thank you again for that heroic act of kindness in pictou...as I said I squirmed in court feeling so sorry for e may in  
some ways as she pretended it was her who played your role in it !!!

blew my mind actually as the whole experience left us completely disillusioned in many ways  
and it just might be time for us shavluk to give up the trenches in many ways

as people dont really want to fight back at the system  
they just want to talk about fighting back

alot any way

or its for themselves

I could type much more to explain but bottom line is I saw nothing in your post to get alarmed about ...nothing at all  
to any with adequate life skills

I do also know I represent the enemy to some of them here but also provide alot of the reason some of them to get  
some gumption and the pop in to kiditz so .....hahahha its a trade off

i have big shoulders tooooo

cheers
