Sorry dave

You did it and it will now be yours to correct

I will speed up your week if you would like especially if you continue to stand by what you just posted

hmmm maybe a day now
\$280 dollars and my tools and you will have be hard pressed to show your proof
then what?

I again for the last time warn you about what you did and said and now what I will do about that very fact

The choice is yours and the above attempt will stop nothing...it shows nothing
media has some protection you of course do not

I dare you to ignore what I have just told you

but in fairness say to you first to ask around with your comments

and also know that I am a bailiff who sues people for a living

I operate through a network nation wide
and that my brother has an agency in Victoria to assist if necessary

You are as foolish as e may...or is that stupid like she called canadians supposedly

I hope someone does explain to you what you have just done

and I wish you could read as I never ever said what you say I said

tell me not to threaten you again as I attempt to clear mine and my family members previously very good name from
your slanderous remarks and I will go to police and put it on your record

before I civilly sue you

the clock is ticking

dont whine later sonny
